Ben Russell

Gerry Bundle

Dan Bodette

The Votes Are In

MEC is governed by a nine-member board of directors who represent customers living in their districts. In 2022, Districts 6, 7, and 9 were up for election for three-year terms. All three board members representing those districts ran unopposed for reelection. Ben Russell, of Constantine, represents District 6 in MEC's service territory. Gerry Bundle, of Cassopolis, represents District 7, while Dan Bodette, of Wauseon, Ohio, represents District 9.

In 2023, Districts 1, 2 and 5 will be up for election. District 1 is represented by Fred Turk of Decatur. District 2 is represented by Jim Dickerson of Bloomingdale, and District 5 is represented by John Green of Dowagiac. For more information about serving on the board of directors, please call us at 800-492-5989.

Manage Your Family's Internet Use

Frustrated with trying to manage when and how your kids use the internet? Our free CommandIQ app helps you take control. If you're an MEC Wi-Fi customer, you have access to a range of parental controls so you can limit their time online, restrict certain apps and content, or prioritize your devices over theirs to ensure you've always got the best connection.

First, create profiles for all your family members. For each person, add their devices to their profile. Now when you click on a profile, you'll see that person's usage statistics, including how many minutes they've spent online and which apps they've used.

Restrictions will allow you to set content filters and block subjects like gambling, violence, or even individual apps and websites. Time Limits lets you specify hours during which Wi-Fi will be inaccessible.

For detailed instructions on how to use these and other CommandIQ features, visit us online at teammidwest.com/internet/internet-resources/. You must use MEC Wi-Fi to take advantage of CommandIQ, and if your router looks like this, you'll need a new one to access the full suite of parental controls. We'll provide it for free. Give us a call at 800-492-5989 to learn more.

WE'LL BE CLOSED ON GOOD FRIDAY

Our offices will be closed for Good Friday on April 15. Make a payment or report an outage via SmartHub or call 800.492.5989. Any payments received in one of our drop boxes will be processed on Monday, April 18.

MyBundle^{TV}

Struggling to find the best streaming service for you?

MEC CAN HELP!

We have partnered with **MyBundle.TV** to make choosing a streaming service-*or three*-easy. Best of all, the tool is completely free.

HERE'S HOW TO GET STARTED

1 **Get a fast, reliable internet connection.**
Before you can start streaming, you need to make sure you have fast, reliable internet. Luckily our fiber internet is built for binge-watching. Review our packages at teammidwest.com/internet

2 **Select a streaming device.**
Most of today's TVs have smart technology that supports streaming apps. However, streaming devices from companies such as Roku, Amazon, and Apple are available as well. You can even use some gaming devices.

3 **Pick your streaming services.**
Streaming channels and networks have exploded in recent years, making it hard to narrow down your choices. With the *FREE* **MyBundle.TV** tool, you can get recommendations, browse channels, even search for your favorite show. No need to visit dozens of different sites and spend hours researching.

STREAM LIVE TV

Get Free Personalized Recommendations

Use the Bundle Builder tool to answer a few questions about your household and favorite shows. The tool will recommend the best streaming services and channels for you.
