

## Report Of Independent Auditors

Following are excerpts from the audit report. The full report may be accessed at [teammidwest.com](http://teammidwest.com) or by calling 800-492-5989.

We have audited the accompanying consolidated financial statements of Midwest Energy Cooperative, which comprise the consolidated balance sheets as of December 31, 2017 and 2016, and the related consolidated statements of operations, equities and margins, and cash flows for the years then ended, and the related notes to the consolidated financial statements. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Cooperative as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.
